

# I Know I'd Recognize Your Face

Tim Buckley

It's been so long  
Since you've been gone  
I don't know where to begin this song  
Whereever you are  
I hope it's not too far  
For you to hear me  
It's been so wild

Lay next to me  
Cry please don't run  
But i wouldn't fight or carry a gun  
I went far away  
To start a new life  
If i had stayed there  
You'd be my wife

And i know i'd recognize your face  
Your memory keeps haunting me  
And i can't forget what time won't erase

You know it's hard for me to come back now  
There's prison to face though the filing is done (???)  
Where can i find you  
Daddy you have a son that's never seen you  
He looks just like you

And i know i'd recognize your face  
Your memory keeps haunting me  
And i can't forget what time won't erase

I've sent this letter so many times  
It keeps coming back  
No one here about that knew  
Are you still lingering back  
Well it's so hard to keep long (???) True love in  
winter  
It's been so long

And i know i'd recognize your face  
The season has come i can't let go  
And i'd know your sweet smile any place

And i know i'd recognize your face  
(any time you know now)  
Anyplace anytime you know i'm still in love with you  
And i know i'd recognize your face
