

Big Dreams to Take over the World

Tim McMorris

Big lights and
Bright colours
The future is drawing near, with

New thoughts and, ideas
My dreams, they all start right here

So I take a step, and time will tell
I'm filling up high, like a wishing well

I got, ohhh,
Big dreams to take over the world

Ya, I woke up in the morning with a taste for revolution
Ohhh

I got a plan upon the paper, ready for the execution
Ohhh

Ya with my hands in the air, reaching out to grab this freedom
Ohhh

And the signs are really clear, it's just some don't know how to
read them
Ohhh

Let's take it up from here
And watch the problems as they disappear
A new days coming now across the land
I found the key, open the lock inside my hand

I got, ohhh,
Big dreams to take over the world
