

# Fall in Love Again

Tim McMorris

We gotta' celebrate life  
We gotta' celebrate living  
We gotta' celebrate the beauty of the world that keeps on giving

We gotta' go on an adventure  
We gotta' take a real drive  
And like the first time that we fell in love  
We gotta' feel alive

We gotta'  
Hey, hey  
Hey, hey  
Hey, hey  
Fall in love again

We gotta'  
Hey, hey  
Hey, hey  
Hey, hey  
Fall in love again

I feel the rush of excitement, fulfill my heart  
And now I'm living in the moment, feeling good from the start  
It's time to make things happen, let's go on a journey again, again

To see the beautiful landscapes, unlike any other  
See the mountains and the oceans, how the world is filled with colour  
I'm unraveling, while traveling, enjoying every part of the ride

Ya, ya, ya  
We gotta' fall in love, fall in love again  
With all the wonderful things, that fill the world we're in  
On the roads we travel, and the people we're with  
And we can never forget, oh that life is a gift

We gotta rediscover love, life, happiness, and more  
Why settle for a little bit, when you were made to soar  
Gotta get up, we gotta head out, we gotta explore

We gotta'  
Hey, hey  
Hey, hey  
Hey, hey  
Fall in love again

We gotta'  
Hey, hey  
Hey, hey  
Hey, hey  
Fall in love again
