

# Forever in Time

Tim McMorris

My heart, it beats, filled with desire  
Your love so hot, sets me on fire  
You move my soul, you make me feel  
A love so deep and a love so real

All that I am, I give to you  
And you are my, safe place, rescue  
We always knew  
Tried tested true  
See the dark back down  
Feel the light shine through

And I will love you eternally  
Break down the boundaries, love set free  
Always together  
Love that endures  
We will endeavor  
To last

Forever, and ever, and ever in time  
Forever, and ever, and ever in time  
Forever, and ever, and ever in time  
I'm always yours, and you're always mine

Forever, and ever, and ever in time  
Forever, and ever, and ever in time  
Forever, and ever, and ever in time  
I'm always yours, and you're always mine

Goosebumps heavy, passion rising from within  
You know this love is true, when it's showing on your skin  
Oh this fate was meant to be  
Like rivers flow into the sea  
Beauty on display  
You take my breath away

Hypnotizing, mesmerizing  
Ever growing, still surprising  
Captivating elegance  
Words spoken with eloquence  
Gentle, soft and real  
The way you make me feel  
Everything we have together  
Sometimes seems surreal

And I will love you for eternally  
Break down the boundaries, love set free  
Always together  
Love that endures  
We will endeavor  
To last

Forever, and ever, and ever in time  
Forever, and ever, and ever in time  
Forever, and ever, and ever in time  
I'm always yours, and you're always mine

Forever, and ever, and ever in time  
Forever, and ever, and ever in time  
Forever, and ever, and ever in time  
I'm always yours, and you're always mine

Beyond time, forever, ecstasy  
Lost in your love, oh endlessly  
Spinning in a whirl, with you I'm found  
Flashes of colour, light and sound

Anticipation, our hearts fill  
Fear fades away, feel time stand still  
Bound by each other, ever strong  
Forever in time, our love lives on

You know this love is true
