

Live And Be Free

Tim McMorris

Life is good, it is good, to, me
And it was meant, for you, to live and be free, to live and be
free
Walk the path, take some time to laugh
And maybe it's been, a while, but even try to smile, even try t
o smile

Cause today is only here and then it's tomorrow
There's no point livin' a life that full of regret and drownin'
in sorrow
Lift your head up high and open your eyes
You can choose to be happy, if you try, you might be surprised
Choices that you have made can be revised

Have no fear, for the time, you're here
And if you don't know where to start, then follow your heart, f
ollow your heart
And run, run fast, learn from things, that have passed
And know that everything O.K,
just make that choice today, make your choice today

Cause today is only here and then it's tomorrow
There's no point livin' a life that full of regret and drownin'
in sorrow
Lift your head up high and open your eyes
You can choose to be happy, if you try, you might be surprised
Choices that you have made can be revised
[Repeat Chorus]
