

Superhero

Tim McMorris

I want to leap over buildings
Want to fly over the shores
Save the people from the villains
Catch the crooks who, rob the stores

Write my name upon the sky
When you call me I'll be there
Faster then a lightning flash
Rushing through the, cool night air

Ohh, Ohh,
Start ignition, count to zero
I just want to be a super hero
Ohh, Ohh,
With fearless thoughts, emotions swirled
I want to be the man that, saves the world, yeah

The world is full of super problems
So we made up a super man
But he is just imaginary
And here we stand, without a plan

With new ideas and innovation
Man still cannot tame creation
And though I'm told I'll never fly
That doesn't mean that I won't try

Ohh, Ohh,
So start ignition, count to zero
I just want to be a super hero
Ohh, Ohh,
With fearless thoughts, emotions swirled
I want to be the man that, saves the world
