

# Nothing Can Stop Us Now

Tim Minchin

Oooo-yea-yeah

Oooo-yea-yeah

We got years ahead of us

We've got people who care for us

Yeah we've got Sunday morning coffees in the sun

We got Monday night television

Yeah we've got years of happiness

We've got decades of laughter ahead of us

Yeah we got Christmases with family by the sea

We got wine and vintage cheddar

Yeah, I have everything a man could ever want

And all I'll ever need is you

'Cuse nothing can stop us now

Only the good times left

Nothing can stop our love

Except terminal illness

Or sudden accidental death
