

# The Pope Song

Tim Minchin

Fuck the motherfucker, fuck the motherfucker  
Fuck the motherfucker, he's a fucking motherfucker  
Fuck the motherfucker, fuck the motherfucker  
Fuck the motherfucker he's a total motherfucker  
Fuck the motherfucker, fuck the motherfucker  
Fuck the motherfucker, fuck him, fuck the motherfucker  
Fuck the motherfucker, fuck the motherfucking Pope

Fuck the motherfucker, fuck the motherfucker  
Fuck the motherfucker, he's a fucking motherfucker  
Fuck the motherfucker, fuck the motherfucker  
Fuck the motherfucker he's a total motherfucker  
Fuck the motherfucker, fuck the motherfucker  
Fuck the motherfucker, fuck him, fuck the motherfucker  
Fuck the motherfucker, fuck the motherfucking Pope

Fuck the motherfucker, and fuck you motherfucker  
If you think that motherfucker is sacred  
If you cover for another motherfucker who's a kiddy-fucker  
Fuck you, you're no better than the motherfucking rapist  
And if you don't like the swearing that this motherfucker forced from me  
And reckon it shows moral or intellectual paucity  
Then fuck you, motherfucker, this is language one employs  
When one is fucking cross about motherfuckers fucking boys.

And I don't give a fuck if calling the Pope a motherfucker  
Means you unthinkingly brand me an unthinking apostate  
This has nowt to do with other fucking godly motherfuckers  
I'm not interested right now in theological debate  
There are other fucking songs and there are other fucking ways  
I'll be a religious apologist on other fucking days  
But the fact remains if you protect a SINGLE kiddy fucker  
Then Pope or Prince or Plumber, you're a fucking motherfucker

And I don't give a fuck what any other motherfucker  
Believes about Jesus and his motherfucking mother  
I've no problem with the spiritual beliefs of other fuckers  
While those beliefs don't impact on the happiness of others  
But if you build your church on claims of fucking moral authority  
And with threats of hell impose it on others in society  
Then you, you motherfuckers, can expect some fucking wrath  
When it turns out you've been fucking us in our motherfucking asses  
Our motherfucking asses

So fuck the motherfucker, and fuck you, motherfucker  
If you're still a motherfucking papist.  
If he covered for a single motherfucker who's a kiddy-fucker,  
Fuck him, he's as evil as the motherfucking rapist  
And if you look into your motherfucking heart and tell me true  
If this motherfucking stupid fucking song offended you  
With it's filthy fucking language and it's fucking disrespect  
If it made you feel angry, go ahead and write a letter  
But if you find me more offensive than the possibility  
The Pope protected priests when they were getting fucking fiddly  
Then listen to me motherfucker - this here is a fact  
You are just as morally misguided as that motherfucking  
Power-hungry, self-aggrandized bigot in the stupid fucking hat
