Timbaland

Hey, I was mean (mean)

Before I became a feen  
I took over the world when they gave me a beep machine  
And then I made my city jump (jump)  
It's your favorite producer, come on baby let it bump (bump)  
I'm like a music cyclone when I'm in the zone  
I typhoon everytime I get on a song  
I \*tie coo?\* I just went and brought another home  
Who you stuntin on?  
I'm never off, I set it off, and you were never on  
What's there to care about? People know my whereabouts  
Anywhere I want, private jet in and out  
Whip brand new, you know what Tim about  
Ferrari 5-99 Windows Tinted out  
I-I-I'm the man m-my beats is crazy  
You want my sounds, you gotta pay me  
But don't get it confused, never had no silver spoon  
But you got a long walk, tryna fit Timbaland's shoes

And next up (I believe that's me)  
And what's your name (D.O.E. on the M-I-C)  
And where you from (NYC, we up in here G)  
Why don't you get on the mic for the symphony?

Ok, ok when you see me roll through (Yup)  
Got the whole crew Timbaland he produce  
If you a fruit, Produce  
Riding in a old school (pimpen) like I'm poss to  
She french kiss my d\*\*\* and then I told her Merci buques

Wit you \*\*\*\* money \*\*\*\* money \*\*\*\*money \*\*\*\*money  
Lying like there's no money (Uhhh) Gotta go money  
Pockets feeling drained then it's back to snatching chains and I  
(Wish a n\*\*\*a run up on me, he gon find the heat, and make the wrong move)  
I ain't changed, still the same  
D.O.E be the name, I'm from North Side Queens

Next up (Ha, hey I believe that's me)  
And what's ya name (Bran' Nu a.k.a Brandy)  
And where you from (Mississippi but was raised in Cali)  
Why don't you get on the mic for the symphony?

(Bran' Nu)

I got it, I got it (Ha)

It's been a long time comin'  
I'm back like I forgot something important  
Can't have a problem with me  
I fade it to black like church slacks  
Now I'm in the Range, no Cadillac

So you don't want it with me  
I'm on the tip of your tongue like bubble gum  
I got your head sprung  
It's my return (Like the Kingdom Come)  
I'm taking off like a rocket  
I got this beat in my pocket  
I keep your heart droppin (and you...)  
Never gonna hold me back, Timbo put me on the map  
Now you wanna say I act (Brand New)  
Just like my Proda boots, struttin like a model do  
Don't you wish you had another (Chance to)  
Get up under my skin, frontin' like you g-g-g-get it  
You keep runnin ya mouth like them broads do  
I gotta learn you, like a school do  
Cuz clearly you don't have a clue

So next up (Yeah, hey I believe that's me)  
And what's ya name (Attitude on the M-I-C)  
And where you from (Alabama we up in here G)  
Why don't you get on the mic for the symphony...

Ok, \*\*\*\*(not understandable)  
Never mediocre

Plenty bread so you know I gotta keep a toast  
On my side b\*\*\*h ride unless she a Oprah  
B\*\*\*h I'm too fly to drive, I'ma need a chauffeur  
I get a whole lot of h\*\*\* like a G supposed ta  
They could put me in the FED for what's in my sofa  
Rap \*\*\*\* wack slap em if they say ya hard  
Diss me, I'll up the ratchet on you and your A&R  
I know they mad never thought that it could happen  
Got my \*\*\*\* on then I hopped in a Austan  
Every check I cash in, bigger than the last one  
Met a new freak, she thicker than the last one  
Nah, I don't love her homey, MUSIC is my passion  
I don't show compassion  
And all my B\*\*\*hs yellin I'm the s\*\*\*, even when nobodies askin  
Boy I'm on fire like the \*\*\*\* at the \*\*\*\*in  
That's why I stay so gone playa  
F\*\*\* \*\*\*\*\*in up the ozone laya  
I drop a hit everytime I got some s\*\*\* to say,  
and if I miss I come back like a ricochet
