

House Party

Timeflies

You're on the couch
Blowing up my phone
You don't wanna come out
But you don't wanna be alone
It don't take much for two
To have a little soiree
You're in the mood
Sit tight right where you are babe

Because I'll be at your door in ten minutes
Whatever you've got on girl just stay in it
You don't have to leave the house to have a good time
Imma bring the good time home to you

We'll have a house party
We don't need nobody
Turn your tv off break that boombox out
We'll wake up all the neighbors
Till the whole block hates us
And the cops show up
Try to shut us down
If you're gonna be a homebody
We're gonna have a house party
If you wanna be a homebody
We're gonna have a house party

Through your neon t-shirt
Over the lamp shade
I'll take the furniture
Slide it out of the way
Shaking the floor
Rattling the room
We'll go to town like they're in your living room

Cause I'll be at your house in ten minutes
Whatever you've got on girl just stay in it
You ain't gotta leave the house to have a good time
Imma bring the good time home to you

We'll have a house party
We don't need nobody
Turn your tv off break that boombox out.
We'll wake up all the neighbors
'Til the whole block hates us
And the cops show up
Try to shut us down
If you're gonna be a homebody
We're gonna have a house party
If you wanna be a homebody
We're gonna have a house party

Look, now imma turn you right on
Ay, promise you're gonna leave the light on
When I, come right here I reach you
Banging with the sound hanging right through the speakers
Get it like she's next to me
And when she texting me

I promise that you will want your ex to see
It's like fine,
Do it at the time
For the love
In the back of a cop car
Take your time

We'll have a house party
We don't need nobody
Turn your tv off break that boombox out
We'll wake up all the neighbors
'Til the whole block hates us
And the cops show up
Try shut us down
We'll have a house party
We don't need nobody
Turn your tv off break that boombox out
We'll wake up all the neighbors
'Til the whole block hates us
And the cops show up
Try shut us down
If you're gonna be a homebody
We're gonna have a house party
If you wanna be a homebody
We're gonna have a house party
If you're gonna be a homebody
We're gonna have a house party
If you wanna be a homebody
We're gonna have a house party
Hey!
