You look like a good time wanna get you home and play
So come on over here I can make your dreams come true

Look so fine, girl it's time, that we turn it on

Yeah, ahha, baby you a stunner

The way you work it on the floor
I'm thinkin you should be my girl for the summer
You know you got me wanting more
I'm goin crazy cause baby you a stunner

I love the way you lookin girl you ain't even gotta try
Carousel up and down let me take you for a ride
Its gettin hot in here and I can feel your body burning up
I know the way you like it so tonight girl Imma make it rough

Club flow lights low place about to blow like nitro
And the way that you workin that body got me thinkin this hottie is someone

You know you got me wanting more
I'm goin crazy cause baby you a stunner

The way you work it on the floor
