

## Fight For Life

### Times of Grace

Underneath the darkened sky,  
Drifting through a sea of lies  
Pulled into the under tow  
My body dragged deep below

Give me strength to push on through  
Give me strenght!  
Seeking shelter from the storm

Carry Me when I can't go on,  
Uplift my spirit  
So I carry on  
Was once lost  
But now im found,  
Darkness pass away into the light of dawn ,  
Push on through  
Fight for Life !  
Fight for Life !

My Word  
Is not with fear  
But with the spirit  
In unrest  
I fear no man  
I fear not death

I fear no man  
I will prevail

Give me strenght to carry on  
Push on through the light of dawn

Carry me when I can't go on,  
Uplift my spirit  
So I carry on  
Was once lost  
But now im found,  
Darkness pass away into the light of dawn ,  
Push on through

Fight for Life ! x2  
Push on through  
Fight for Life !  
Push on through  
Fight for Life !  
Push on through !
