

Mend You

Times of Grace

I lost a lot of sleep
With my restless mind
I can't conceal the bleeding
Of the pain we hide

If there was any way to show you
So you could see
If there was any way to tell you
How to believe
But I couldn't find the words
No, I couldn't find the words
To mend you

Complicated disarray
Can't escape the silence that's between us
I hear it in your voice
Left without a choice
A distant light, a falling star
Far from where you are

If there was any way to show you
So you could see
If there was any way to tell you
How to believe
But I couldn't find the words
No, I couldn't find the words
To mend you

Underneath a moonlit night
Here below the stars I find
All I need is for you to see
There is love to pull us through
I will never turn away from you
Won't turn away from you, yeah

If there was any way to show you
So you could see
If there was any way to tell you
How to believe
But I couldn't find the words
No, I couldn't find the words
To mend your heart
To mend your heart

If there was any way to show you (any way)
So you could see (you could see)
If there was any way to tell you (any way)
How to believe (to believe)
But I couldn't find the words (couldn't find the words)
No, I couldn't find the words
To mend your heart
Yeah

Yeah
I won't turn away from you
I won't turn away from you
