

Get to Know You

Timomatic

It's too late for words
Why don't yo tell me with your head
Let's get to the part
Where we don't wanna go back
I won't give it up
Until I see a little more
So let it all hang up on the dance floor

Ooooooh let's do, let's do it your way
Ooh ooh you got it, you got it baby
Oooh oooh ooh ooh
Go on and lose it, lose it
Move it, move it baby

I wanna get you know you,
Like you
Wanna get to know me
And maybe I'll give it a try
Anything tonight
All I wanna do is get to know you
[x2]

So much of you is like a mystery to me
I don't know your name
But I know what you like to dream
And we can party party party till we explode
And wait to morning love
Tomorrow

Ooooooh let's do, let's do it your way
Ooh ooh you got it, you got it baby
Oooh oooh ooh ooh
Go on and lose it, lose it
Move it, move it baby

I wanna get you know you,
Like you
Wanna get to know me
And maybe I'll give it a try
Anything tonight
All I wanna do is get to know you
[x2]

I wanna get you know you,
Like you
Wanna get to know me
And maybe I'll give it a try
Anything tonight
All I wanna do is get to know you
[x2]
