

Rest of Our Lives

Timomatic

Picture me ten years old
Boy with a dream to rock the globe.
Didn't know where to start and no,
No direction where to go.
Drama boy if they held me back
Intermissions I would dance
But I was hungry for more

Coming from nothing, living alone
Working till daylight, writing my songs
Posters of MJ up on my wall
And after fighting all these years
I'm finally here!

Turn up the music
Turn on the lights
This is the start of the rest of our lives
Dream like forever, live for tonight
This is the start of the rest of our lives
The rest of our lives

Look at me, radio shows
Flying 'round the world, rocking the globe
And I really wanna thank you all
You're the reason I give my all
Who would have thought that I'd come this far?
And I'm still hungry for more!

Coming from nothing, living alone
Working 'til daylight, writing my songs
Posters of MJ up on my wall
And after fighting all these years
I'm finally here!

Turn up the music
Turn on the lights
This is the start of the rest of our lives
Dream like forever, live for tonight
This is the start of the rest of our lives
The rest of our lives, our lives, our lives
The rest of our lives, our lives, our lives
The rest of our lives, our lives, our lives
The rest of our lives, our lives, our lives
The rest of my life

Picture me ten years old
Boy with a dream to rock the globe
And now I'm finally here!

Turn up the music
Turn on the lights
This is the start of the rest of our lives
Dream like forever, live for tonight
This is the start of the rest of our lives
The rest of our lives, our lives, our lives
The rest of our lives, our lives, our lives
The rest of our lives, our lives, our lives

The rest of our lives, our lives, our lives
The rest of my life

Dream like forever, live for tonight
This is the start of the rest of our lives
The rest of my life
