

## Falling In Love In Summertime

Tina Charles

Let me tell you now, fallin' in love with a boy  
Like you is dynamite  
And easy, so easy  
Let me tell you now, fallin' in love with a boy  
Like you is out of sight  
And easy, too easy

Your were singing with a band like a vision  
On the stand  
I knew someday we'd get together  
You seemed so out of reach, I lost my power  
Of speech  
When you took my hand and asked me to dance

Oh, fallin' in love with a boy  
Like you is dynamite  
And easy , so easy  
Let me tell you now, fallin' in love with a boy  
Like you is out of sight  
And easy, too easy

From San Francisco Bay clear down  
To Santa Fe  
We're makin' music now, together  
There ain't no rhyme or reason  
It's just that every season  
I got to have you wrapped up in my arms
