

# Take All Of Me

Tina Charles

Oh, take all of me, take all of me  
Just the best part of me  
But baby, take all of me  
Why can't you see, why can't you see  
That you're the only one for me  
Baby take all of me

I was sad and lonely with no one  
To call my own  
And then we met, one day,  
You took my breath away

You told me not to cry  
You lovable sweet - talking guy  
But now it seems to me that  
It's only gonna be

A part - time love that  
You give to your..  
No, no, no, no, no

I need your attention like  
The flowers need the rain  
I'd leave my heart and soul  
In your complete control  
If we could only share a sentimental  
Love affair  
But now it seems to me that  
It's only gonna be  
A part - time love that  
you give to your...  
No, no, no, no, no, no

Come and take, take all of me  
Take all of me, take all of me....
