Dancing in My Dreams

Tina Turner

I've been running from the truth
I've been running since my youth
tired of running
I will stand here till you see
I am you and you are me
tired of running

There really is no difference when you look beneath the skin someday I know we'll go beyond this world we're living in

Now when I lay me down to sleep I will be dancing in my dreams Seeing the way it all should be I will be dancing

Now when I lay me down to sleep I will be dancing in my dreams

Seeing the way it all should be I will be dancing...ummmm

Dancing in my dreams

There's no hiding in the dark from the beating of my heart it's getting louder Just as long as we believe the truth will set us free it's getting louder All that really matters is the light in your face In you I see the longing of the whole human race

Now when I lay me down to sleep I will be dancing in my dreams Seeing the way it all should be I will be dancing
Now when I lay me down to sleep I will be dancing in my dreams Seeing the way it all should be I will be dancing
Dancing in my dreams

All along the story goes or it's the passing of the torch...ummmm with one small pass it all begins then there are millions more, millions more

Now when I lay me down to sleep I will be dancing in my dreams
Seeing the way it all should be I will be dancing
Now when I lay me down to sleep I will be dancing in my dreams
Seeing the way it all should be I will be dancing...ohhhh
Dancing in my dreams
Ohhhh...uhhhh dancing in my dreams
