```
F
I call you when I need you and my heart's on fire,
You come to me, come to me wild and wired.
            Dm                          B
You come to me, Give me everything I need,
F
You bring a lifetime of promises and a world of dreams,
You speak the language of love like you know what it means.
              Dm                            B    C
And it can't be wrong, Take my heart and make it strong.

                          F
R: 'Cause you're simply the best,
   Better than all the rest,
            Dm                C
   Better than anyone, anyone I ever met.
                 F
   I'm stuck on your heart,
   I hang on every word you said,
          Dm                C
   Tear us apart, baby, I would rather be dead.

Deep in your heart I see the start of every night and every day,
And in your eyes I get lost, I get washed away.
Just as long as I'm here in your arms I could be in no better place.

R: 'Cause you're...

B
Each time you leave me I start loosing control
Dm
Walking away with my heart and my soul
B                               C         Dm
I can feel you even when I'm alone Oh baby, don't let go
