

# Why Must We Wait Until Tonight

Tina Turner

Why must we wait until tonight?  
Tell me why  
Why must we wait until tonight?  
You wanna take a little time  
Wanna drink me like a fine wine  
Like the book of love  
Line by line  
But I wanna play with you  
Right now  
Go all the way with you, Baby  
And show you how  
'Cause my body just can't say no  
And fingers just won't let go  
Tell me why  
Why must we wait until tonight?  
Tell me why  
Why when I've waited all my life  
You're touching me  
I'm touching you  
What should I do now  
Tell me why  
Why must we wait until tonight?  
Like to take it real slow  
Show me every little move you know  
Take a little love and watch it grow  
But I wanna lay with you, Darlin'  
Right now  
Make love all day with you, Baby  
And show you how  
Take my body  
Don't take my time  
Take your lips and make them mine  
Tell me why  
Why must we wait until tonight?  
Tell me why  
Why, when I've waited all my life  
You're touching me  
I'm touching you  
What should I do now  
Tell me why  
Why must we wait until tonight?  
Come on, come on, come on, come on...  
'Cause my body just can't say no  
And fingers just won't let go  
Baby,  
Tell me why  
Why must we wait until tonight?  
Tell me Baby  
Tell me why  
Why, when I've waited all my life  
Come on  
Tell me why  
Why must we wait...
