

## Bloody Nose

## Tiny Moving Parts

Last night I took a shower  
And got a bloody nose  
Looking down, the iron water  
Loves to decorate my toes  
My brain gets stuck  
All I can think, my insides gave up  
They're ready to go  
I'm not ready to go  
I want to live forever, I'm not ready to go

Cleanse your skin, your heart within  
Release energy to your veins  
Cleanse your skin, your heart within  
As water dances down the drain

My confidence has left my head again  
It all dissolved like a fading sunset  
No looking back, just focus on what's coming  
What part of the plan  
What part of the plan did I not understand?

No  
Looking back  
They say, "no  
Looking back"

Cleanse your skin  
(La-da-da-da)  
Your heart within  
(La-da-da-da)  
Cleanse your skin  
(La-da-da-da)  
Release energy
