

I Remember My First Bear P.2

Tiny Moving Parts

I never loved anyone with this amount of heart before,
and i never knew a bear like you
could tear myself in a hideous mess.

The meteorologist
said we couldn't make it through this.
Well obviously they don't teach bravery,
or how to love, or how to care
because I got guts yeah i got guts
I swear to god i'll shut them up one by one.
I'll shut them up.
