Trace Me Onto You

Title Fight

Trace me onto you Criminal Had my blood removed Cold world

Withdrew vividly You move so smooth Mumbling jealously "I hate you"

Trace me onto you Criminal Had my blood removed Cold world

Too high-fidelity

Squint from the bottom of
hidden flumes

(I don't want to see things differently It's what I taught myself to believe Hypernight belongs to me I'll never sleep quietly

Losing light Hypernight)
