

Down through the ages  
Lost in the pages of time  
A land for the heroes  
A dawn full of reason and rhyme  
A tale for believers

A sign for the darkest deceiver  
A song for the dreamer  
Who longs, to be closer and closer to love...

You'll never find your way to Atlantis  
For it was never there  
What a wonderful dream for romantics  
Like music in the air...

Under the ocean  
Deep down emotion  
Sleeping endeavour  
Dreams take forever  
Memories of dark times  
Lost in the moonlight  
Somewhere a whisper  
That's calling you closer and fooling your heart...
