Raise your fists high in the air
We will win so don't despair
Fight the evil with our might
We will conquer it's our right

Get down and prey
Raise and obey
Get down and prey
Raise and obey
It's deadly metal

We're the leaders of this race
There's no time pretenders shall be hazed

Get down and prey
Raise and obey
Get down and prey
Raise and obey
It's deadly metal
