

Ready To Leave

TNT

All stand clear of the fire in the night
Arrows through dolls,
To cause an endless fright
Normandie - the target for all to win
Hate is strong - to be healed by sin.....

Ready to leave
Ready to leave
Ready to leave
We're ready

Hymns are sung with passion and probity
Voices loud - long live insanity
The enemies are cursed in the name of war,
All given the wrath of mighty Tor

Ready to leave
Ready to leave
Ready to leave
