

Begin Again

Toby Lightman

Sky is on fire
Deep in the hollow
You're on the way out
I don't know
Drowning in smoke
Under the cover
I'll rely
On anyone

Heartbeat slows
Only angel knows
Where I've been
And where I'm going
Time stands still
So beyond my will
Will it end
Or begin again

Where is the light

In all of the shadows
Take me in
To where it is
Buried in dust
Wash it away now
Don't leave
Don't leave

Heartbeat slows
Only angel knows
Where I've been
And where I'm going
Time stands still
So beyond my will
Will it end
Or begin again
