

Brand Spankin' New

Toby Lightman

Thought you checked out
Thought you moved away
Blessed another town
Never to come around
That was yesterday

Now you're back on the scene
Thinking I didn't know
I've been watching from afar
Following in my car
Everywhere that you go

So show me, show me, show me what you got, what you got
You know I know you know you're looking hot, looking hot
Brand spankin' new with nothing to prove, hey hey
Brand spankin' new with nothing to prove, hey hey

See you on the streets
With your head held high
You got an attitude
And it suits you
It suits you

You think your love don't stink
Think you're the new King Bee
Wanna leave a mark
Wanna break a heart
You won't fool me

So show me, show me, show me what you got, what you got
You know I know you know you're looking hot, looking hot
Brand spankin' new with nothing to prove, hey hey
Brand spankin' new with nothing to prove, hey hey

I see behind those shades is still a little boy
If you take away the hat and all those fancy toys
But if that's the choice you made
Walking in your own parade

You better show me, show me, show me what you got, what you got
You know I know you know you're looking hot, looking hot
Brand spankin' new with nothing to prove, hey

Show me, show me, show me what you got, what you got
You know I know you know you're looking hot, looking hot
Brand spankin' new with nothing to prove, hey hey

Show me, show me, show me what you got, what you got
And don't you, don't you, don't you ever stop, ever stop
Brand spankin' new with nothing to prove, hey hey
It's the original you with nothing to prove, hey hey
The original you with nothing to prove
