

Head Underwater

Toby Lightman

Time moves so slow with no embrace
Sleep is the one saving grace
All the world is gone
Holding on
I'm slowly sinking
Hopelessly I'm numb
Overcome
My heart is sinking

Ooh...I
I can't find a way to breathe
I'm another soul lost at sea
The waves are crushing
Oh...my tears are weighing me down
Oh...who's gonna save me now
Silence is the only sound
Head underwater

Words
They don't come
So they won't see
The emptiness that floats over me
Nothing left inside
Blinded by
The overflowing
Through the great divine
Hands are tight
And I'm unknowing

Ooh...I
I can't find a way to breathe
I'm another soul lost at sea
The waves are crushing
Oh...my tears are weighing me down
Oh...who's gonna save me now
Silence is the only sound
Head underwater

Ooh...I
I can't find a way to breathe
I'm another soul lost at sea
The waves are crushing
Oh...my tears are weighing me down
Oh...who's gonna save me now
Silence is the only sound
Head underwater
