

You're the Best

Toby Lightman

Stay sweet, stay true
Most importantly baby stay you
'Cause you are golden, holding our hearts
You had us right from the start
Oh baby don't change, laugh out loud
Wear your heart on your sleeve
And be proud of who you are, our little star
We want you close but we know

That you're gonna go far
(Ooh-ooh-ooh, ooh-ooh-ooh)
Gonna go far
(Ooh-ooh-ooh, ooh-ooh-ooh)

You're the best, you're the best
You're the best that's around
You're the best, you're the best
You're the best that's around

The joy that you give
Make the most stubborn learn to forgive
And feel much lighter, when you're around
Ain't nobody feeling down
Oh lion it's true, it's all you
We watch as your light's shining through
To win them over, one by one
Yes you are your father's son

Our little star
(Ooh-ooh-ooh, ooh-ooh-ooh)
You're gonna go far
(Ooh-ooh-ooh, ooh-ooh-ooh)

You're the best, you're the best
You're the best that's around
You're the best, you're the best
Oh how we waited so long for you babe
You're the best, you're the best
You're the best that's around
You're the best, you're the best
You're the best that's around

Your sweet lightness
Your smile is brightness
End if the world gets in your way
You will always hear us say

You're the best, you're the best
You're the best that's around
You're the best, you're the best
Oh how we waited so long for you babe
You're the best, you're the best
You're the best that's around
You're the best, so best
You're the best that's around
You're the best that's around
You're the best that's around
