

## Afterlife

Today Is The Day

It's fake I'm sure Afterlife  
Slowly sinking I reach for  
You But you're not sure  
The sky is blue  
Your hand in mine  
We'll walk the stars Unashamed of who  
We are We'll rule this world  
With my big cock  
Oh God I love you  
I live to rock  
What are you made of  
What are you afraid of Pussy Get on  
This hot fire Let me hear you scream  
My good friend
