

Look at Me

Todd Rundgren

Bonzai! Excelsior! Geronimo!

Biggest show on the earth yo
A miracle at birth yo
No you wouldn't wanna miss this
Here my ass, you can kiss this
You can't handle my braggin'
I'm a fire breathin' dragon
You don't need to believe me
All you gotta do is see me

I pick a fight for no reason
But you know I'm just teasin'
I do something you hate yo
Then you tell your friends I'm great yo
I make a spectacle of myself
I'm electrical as all hell
I could make utter shit sell
While I stand on my head as well

I got a technicolor ego
And it goes wherever we go
I set my hair on fire yo
Anything you may desire yo
Drop my pants to my knees yeah
If you think that'll please ya
You tell everyone that sees ya
That you needed anesthesia

Biggest show on the earth yo
A miracle at birth yo
Yea you wouldn't wannamiss this
Here my ass, you can kiss this
You can't handle my braggin'
I'm a fire breathin' dragon
You don't need to believe me
All you gotta do is see me
