The Very Last Time

Todd Rundgren

Sometimes I wonder if I'm still alive How much abuse can someone stand and survive How long I've waited for this day to arrive When I won't be a fool no more

Nobody knows how you push me around Nobody sees how you treat me like I'm your clown I never made a sound

It's the very last time you will get on my case It's the very last time 'cause I won't be a fool no more It's the very last time you will step on my face It's the very last time 'cause I won't be a fool no more

I still remember the look in your eyes Just a reflection of the things you despise But sooner or later I've got to get wise And I won't be a fool no more

Nobody sees how you treat me like dirt Nobody knows just how badly a man can hurt You've got a lesson to learn

I can still feel the sting of your words But I won't cry no matter how much it hurts My head may go crazy, my heart it may burst But I won't be a fool no more No I won't be a fool no more
