

# Dream Machine

Tokio Hotel

We are finally broken  
It is finally true  
All my scars are open  
You met somebody new

Our mission is completed  
I guess it's time  
My heart is wide open  
I'm ready to leave tonight

Any minute, any minute, any minute, any minute I go  
All it takes is a shot and some love, imagination and you

We will never  
Be the same  
But we are not coming home again  
We don't know  
Where to go

Let's get high  
The Dream Machine takes all of us  
Come on board and leave the rest behind  
Let's get high, high, high  
Let's get high, high, high

There's no resistance  
I hang at the beach  
No commitments  
No need to remember me

Your wild heart  
The age of your soul  
Is what makes you beautiful  
Is what makes you beautiful

You can still be  
What you wanted to be  
Don't believe what they say  
Don't believe what they say

Let's get high  
The Dream Machine takes all of us  
Come on board and leave the rest behind  
Let's get high, high, high  
I can see the sky high, high
