

## Feel the Effect

Tokyo Police Club

I coming down and now I am writing you back  
Because you got your heart broke, I'll take the credit for that  
But your still a couple of twins in my eyes they way they reflect  
I made a lot of bad decisions I feel the effect

I feel the effect I feel the effect  
I feel the effect I feel the effect  
I feel the effect I feel the effect  
I feel the effect

I turn around and now its faded to black  
We left a few things unspoken  
Can we leave it at that  
And I know you've got the world on your side  
What did I expect  
I made a lot of bad decisions I feel the effect

I feel the effect I feel the effect  
I feel the effect I feel the effect  
I feel the effect I feel the effect  
I feel the effect

I am feeling

I got a friend with a mohawk  
He is given terrible advice to me  
He is full of quick clips  
Has my future on his lips  
At least he is working on it working on it  
Working for me

I got a friend with a limo  
He says he will take me were I want to go  
I am rolling with him  
But I am calling his shit  
He thinks he is a hero he is a hero for it

26 stories high nothing but a ceiling way  
Way above you I am over it  
Its been a long time

I feel the effect  
I feel the effect  
I feel the effect I feel the effect  
I feel the effect I feel the effect  
I feel the effect I feel the effect  
I feel the effect

I feel the effect
