

# Higher

Tom Beck

As I'm walking through the square  
Men up club not help us stare  
And I felt just this little boy

Tome has come to get prepared  
Smell of sex all everywhere  
Hope us tam go along my lady toy

And there's you, hold on my focus  
And there's me, warmin' up  
And I know, we're gonna hit it  
And I'm beggin' you know it too

And I Say  
Lady come on let my fire  
I'm gonna take you higher  
m- maybe you think I'm a liar  
I'm gonna take you higher tonight  
I'll take you higher tonight

Wheels I'm turnig for a while  
as you cracked a little smile  
Falls an hand I want  
clide up to you

You were smelling so damn sweet  
Gonna save her this hot sweet  
But let's bring it home and keep it smooth

And I said:  
"My name is Helmet."  
And you said:  
"Is that a joke?"  
And I thought:  
"Can be restarted?"

Next time'll be much cool  
And I say

Lady come on let my fire  
I'm gonna take you higher  
m- maybe you think I'm a liar  
I'm gonna take you higher

Let's Lady come on let my fire  
I'm gonna take you higher  
maybe you think I'm a liar  
I'm gonna take you higher tonight  
I'll take you higher tonight

Lady Lady come on let my fire  
I'm gonna take you higher  
m- maybe you think I'm a liar  
But I'm gonna take you higher

L-Lady come on let my fire

I'm gonna take you higher  
m- m-maybe you think I'm a liar  
But I'm gonna take you higher tonight  
I'll take you higher tonight
