

# Drive Me To Paris

Tom Dice

I saw her in the news today  
She was looking confused, a little afraid  
And it's a real big city for a fragile girl  
It's a real big city in a big, bad world  
And we all make mistakes; oh I can't watch her fate

So drive me to Paris, can you take me right away?  
Drive me to Paris, I'm hope I'm too late  
'Cause there's a heart that's pretty lost and I can't let her d  
own  
So drive me to Paris

I should've seen the warning signs  
Wrong place, wrong guy every night  
It's such a scary place for a troubled mind  
It's a scary place when you're almost blind  
And we all make mistakes; no I can't watch her fate

So drive me to Paris, can you take me right away?  
Drive me to Paris, I'm hope I'm too late  
'Cause there's a heart that's pretty lost and I can't let her d  
own  
So drive me to Paris

I need to find her, need to help her stay  
I need to find her, need to help her stay  
Help her stay

And we all make mistakes; no I can't watch her fate

So drive me to Paris, can you take me right away?  
Drive me to Paris, I'm hope I'm too late  
'Cause there's a heart that's pretty lost and I can't let her d  
own

Oh, drive me to Paris  
Oh, drive me to Paris  
Drive me to Paris, drive me to Paris, drive me to Paris  
So drive me to... so drive me to... so drive...
