

# Driving to Texas

Tom Morello

Turn out the light  
Close your eyes and count to three  
We're in the dark  
Darkness, only you and me  
You can't escape  
The path of everlasting flame  
The spell was cast  
The third time that you called my name

Believe, believe what I say  
I'm driving to Texas  
And now, now isn't the time  
You'll break this transfixion

I'm in a car  
Corridor of endless trees  
Drilling a hole  
Memories escaping me  
I was alive  
I drank the sunlight just like you  
I changed my state  
To replicate the blackness of the blood you drew

Believe, believe what I say  
I'm driving to Texas  
And now, now isn't the time  
You'll break this transfixion

Don't wake me up  
Don't wake me up  
Don't wake me up  
Don't wake me up

Believe, believe what I say  
I'm driving to Texas  
And now, now isn't the time  
You'll break this transfixion
