

Night Witch

Tom Morello

Darkness, hello, my old friend
Creeping 'round the bend again
Make a home in my lonely mind
And when I hear the timer end
I know I can't help but pretend
I miss your fingers tracing my spine

When the glass is half full, I see nothing at all
Just promise me you won't break when I fall

Night witch, I got to go
Nosedive into the cold
I think you've got yourself in love with a ghost
'Cause you'll be waiting on me forever, forever
Night witch, you should've known
I'm never gonna do what I'm told
I think you've got yourself in love with a ghost
'Cause you'll be waiting on me forever, forever

Once it's dark, I'm back again
Gliding through the flack again
Can't save me so don't waste your time
So long, farewell
I know you think I'm pretty but I'm straight from Hell
Wind blowing through my hair, in it for the kill
Tell my mom I love her if I die

When the glass is half full, I see nothing at all
Just promise me you won't break when I fall

Night witch, I got to go
Nosedive into the cold
I think you've got yourself in love with a ghost
'Cause you'll be waiting on me forever, forever
Night witch, you should've known
I'm never gonna do what I'm told
I think you've got yourself in love with a ghost
'Cause you'll be waiting on me forever, forever

Night witch, I got to go
Nosedive into the cold
I think you've got yourself in love with a ghost
'Cause you'll be waiting on me forever, forever
Night witch, you should've known
I'm never gonna do what I'm told
I think you've got yourself in love with a ghost
'Cause you'll be waiting on me forever, forever
