

The War Inside

Tom Morello

I can't leave when I want to
I can't see when the sun's gonna shine
I'm alright without you
I can't leave this world behind
I'm out here on my own
I'm out here, all alone

So high
I can hear the angels cry
Hellbound
Helpless heart, about to drown
I need
To change the things that I believe
Bye, bye
I can't win the war inside

So high
I can hear the angels cry
Hellbound
Helpless heart, about to drown
I need
To change the things that I believe
Bye, bye
I can't win the war inside

I'm out here on my own
I'm out here, all alone

So high
I can hear the angels cry
Hellbound
Helpless heart, about to drown
I need
To change the things that I believe
Bye, bye
I can't win, I can't win
Bye, bye
I can't win, I can't win
Bye, bye
I can't win the war inside
