

# Hope and Glory

Tom Robinson

One destiny in store for us  
Our day will surely come  
No nation more victorious  
Our islands in the Sun

Some hope, some glory  
Some future before me  
Some day before the glory fades away  
The glory fades away

Yellow skies in strange formation  
Warm wind and blinding rain  
High seas and strange contagion  
Our nation great again

Some hope, some glory  
Some chance, some story  
Some hope before the glory fades away  
The glory fades away  
We fade, fade away  
The glory fades away

Our boys so brave and glorious  
Our fathers' will be done  
Our lady pray for all of us  
Amen in kingdom come

Some hope, some glory  
Some faith, some dawning  
Some days of hope  
Before the glory fades away  
The glory fades away  
We fade, fade away  
The glory fades away

Fire on the hillside  
Smoke on the waterfront  
Wreckage in the harbour  
Rats in the basement
