

Non-Verbal Communication

Tom Rosenthal

Where do we all go my love?
Where do we all go my love?
Where do we all go my love?
Where do we all go my love?

I think I know the importance of
non-verbal communication and
I know this cos you told me so.
If we do things well they will last
forever, something before we go.

Oh the essential resists the telling but
the heart can't resist the love and
if it leaves its always nearby.
I can tell you nothing more than
she was she and I was I.

Where do we all go my love?
Where do we all go my love?
Where do we all go my love?
Where do we all go my love?
