

# Southern Man Who Grows and Knows About Plants

Tom Rosenthal

Southern man who grows and knows about plants.  
Are you ok? Are you ok?

The man who lies in fields is dying slow  
The boy who talks to trees is on his own  
Every road is just a field you know  
All the nice things lie beneath.

Southern man who grows and knows about plants.  
Are you ok? Are you ok?

The man who sows the seeds is dying  
The boy who wonders by the moons glow  
Most of this was never meant you know  
All the nice things lie beneath.

Southern man who grows and knows about plants.  
Are you ok?
