

Take Over

Tom Rosenthal

Show me your, what your eyes can see
Show me what your eyes can see
Show me light, show me day, show me wonderful
Show me everything you see

Oh love, take me over
Show me the things your eye does see
It's a wonderful world, and you got a camera
Oh love, go and be, you can be the heart for me
Take me over
Show me what your eyes still see
Oh show me what your mind does see

Oh love, show me wonders
I am blind without you
No need to do talking
No need for the mouth to speak
Just show me

Show me wonders, love
Show me wonders
Show me things that your eyes do see
Show me things that your eyes do see
Show me wonders
I wanna see what you see
