

# A Thousand Eyes

Tomahawk

The night has a thousand eyes  
He's got the sharpest knife  
But I've got a thousand lives

I've got a thousand lives  
And you are just one of mine  
This cat gives me an extra nine

Speak louder  
Godfather  
You want what's mine  
So show your face

Strike harder  
You know what's mine  
You want what's mine  
I saw you

Cat burglar  
So come inside  
And show your face  
To me

The night has a thousand eyes  
You are just one of mine  
I've got the eagle's sight

Come inside  
Come inside  
Come inside  
Come inside
