

Dance

Toni Braxton

Dance, dance, just dance
I'll get over you, baby
(Yeah)

I found out just the other day
That you were giving it away
I found out just the other day
I ain't tryna make you stay
You told me that you'd never hurt me
Made me believe I was your only

I don't give a damn
And I just wanna dance the love away
I don't really care
And I just wanna dance the love away
I just wanna dance, dance, dance, dance (Just dance)
I'll get over you, baby
I just wanna dance, dance, dance, dance (Just dance)
I'll get over you, baby
(Yeah)

I just found out yesterday
All my friends were telling me
I just found out yesterday
Everybody knew my man
You promised me I was the only, ooh yeah
Tonight you'll see I won't be lonely

I don't give a damn
And I just wanna dance the love away
I don't really care
And I just wanna dance the love away
I just wanna dance, dance, dance, dance (Just dance)
I'll get over you, baby
I just wanna dance, dance, dance, dance (Just dance)
I'll get over you, baby
(Yeah)

Watch how I get over you (Gonna get over you)
DJ, can you help me to? (Help me)
Turn it up so I can move
Right now, don't stop (Five, four)
One, two, three, go
I just wanna dance, yeah

I don't give a damn
And I just wanna dance the love away
I don't really care
And I just wanna dance the love away
I just wanna dance, dance, dance, dance (Just dance)
I'll get over you, baby
I just wanna dance, dance, dance, dance (Just dance)
I'll get over you, baby (Woo!)

See you later, baby
Buh-bye!
Woo!

(I'll get over you, baby)

(I got to get over now, I got to get over now)

(I got to get over now, I got to get over now)
