

O.V.E.Rr.

Toni Braxton

We can't leave well enough alone
Sometimes you don't get what you want, no
Soon as you pop up on my phone
It's like here we go again

Crazy its déjà vu, I swear we been here before
If I say I'm sick of you, then how you the antidote
And if I keep on taking you, I swear I might overdose
I should just let it go, but why can't I let it go

I guess we both know it's really over (Over)
It's a shame 'cause we just need some closure (Closure)
The problem is nobody wanna go first (Go first)
It's just O-V-E-Rr, O-V-E-Rr
Over and over until we both say so (Both say so)
So why we keep on going down the same road? (The same road)
Promise we gon' end it 'cause we both know (Both know)
It's just O-V-E-Rr, O-V-E-Rr

Yeah (Fiendin' your juice)
(Fiendin' your juice)
(Fiendin')
(Fiendin')
(Fiendin' your juice)

We can't keep doing this again
We love each other but we both can't win
Once we get started can we begin
To even be friends, yeah

Crazy its déjà vu, I swear we been here before
If I say I'm sick of you, then how you the antidote
And if I keep on taking you, I swear I might overdose
Why can't I let it go, why can't I let it go?

I guess we both know it's really over (Over)
It's a shame 'cause we just need some closure (Closure)
The problem is nobody wanna go first (Go first)
It's just O-V-E-Rr, O-V-E-Rr
Over and over until we both say so (Both say so)
So why we keep on going down the same road? (The same road)
Promise we gon' end it 'cause we both know (Both know)
It's just O-V-E-Rr, O-V-E-Rr

(Fiendin' your juice)
(Fiendin')
(Fiendin')
