

Santa Please...

Toni Braxton

Santa, please, will you help me
'Cause I'm all alone with my Christmas tree
See, my honey's on his way, his flight's delayed
Can you bring him on your sleigh?
'Cause time is going

Slowly dragging me along
Santa, please bring my man home

Santa, please, will you help me
'Cause I'm all alone and so unhappy
See, I need my baby here to hold me tight
Can you bring him here tonight?
'Cause time is going

Slowly dragging me along
Santa, please bring my man home

Santa, please, please help me
'Cause I'm all alone and I need, I need
Up to now I've been real good, so tell me why
Why is time taking its time and going so slowly?

Slowly dragging me along
Santa, please bring my man home

Slowly dragging me along
Santa, please bring my man home

Call dasher, call dancer, call prancer, call vixen
Can you help me out real quick
It's an emergency
On comet, on cupid, on donner, on blitzen
Can you help me out St. Nick
'Cause time is going

Slowly dragging me along
Santa, please bring my man home

Slowly dragging me along
Santa, please bring my man home, home

Call your boys
Call dasher, call dancer, call prancer, call vixen
Call your boy to help the girl out
Home, baby please, Santa please
