

# Got You

Toni Gonzaga

You came into my life and mended  
Pieces of my broken heart  
Just like a ray of light you ended  
You make the clouds disappear

You are my world  
My heart my soul  
And I'll never  
Never gonna let you go

There'll be no rhyme  
No valentine  
No space and time  
If I ain't got you  
No sunny skies  
No mountain high  
No butterflies  
If I ain't got you  
Ooh ohh ohh ohh  
I'm incomplete  
If I ain't got you

You touched my hand and from that moment  
Forever means by your side  
You are my reason for my being  
I'll always come home to you

You are my world  
My heart my soul  
And I'll never  
Never gonna let you go

There'll be no rhyme  
No valentine  
No space and time  
If I ain't got you  
No sunny skies  
No mountain high  
No butterflies  
If I ain't got you

(I'd be lost without you)  
Now I know where I belong with you  
Ooh ohh ohh ohh  
I'm incomplete If I ain't got you  
Ooh ohh ohh ohh  
I'm incomplete If I ain't got you

There'll be no rhyme  
No valentine  
No space and time  
If I ain't got you  
No sunny skies  
No mountain high  
No butterflies  
If I ain't got you  
There'll be no rhyme

No valentine  
No space and time  
If I ain't got you  
No sunny skies  
No mountain high  
No butterflies  
If I ain't got you  
Ooh ohh ohh ohh  
I'm incomplete  
If I ain't got you  
There'll be no rhyme  
No valentine  
No space and time  
If I ain't got you  
No sunny skies  
No mountain high  
No butterflies  
If I ain't got you
