

Sweetest Song

Toni Gonzaga

How can I live without your love
When you've made me a better me
Much better than I used to be
You taught me how to write a song
The sweetest words and melodies
We're writing our sweet history

You fill me
You thrill me
You feel the gaps inside me
You're my everything
My sweetest song
You are the sweetest song I sing
The sweetest song that love can bring
You're my everything

Whenever I am feeling down
I'll just hum your melody
Music is our remedy
You will be my Superman
You have shown me that I can
You will always be my man

You fill me
You thrill me
You feel the gaps inside me
You're my everything
My sweetest song
You are the sweetest song I sing
The sweetest song that love can bring
You're my everything

I swear to never leave your side
With you I feel alive
You complete and make me whole
Deep within my soul

You fill me
You thrill me
You feel the gaps inside me
You're my everything
My sweetest song
You are the sweetest song I sing
The sweetest song that love can bring
You're my everything
